

Lemon Fair Insect Control District  
Tuesday, January 8, 2019  
Bridport, VT

**Draft minutes:**

**1. Call to order: 5:13**

Present: David Dodge, Wendy Lynch, Christine Chapline, Alissa Shethar, Gary Rodes, Melissa Lourie, Craig Zondag

**2. Approve Dec. minutes:**

The Dec. minutes are approved.

**3. Treasurer's report:**

No Treasurer's report (Dinah Bain away, no activity since the Dec 2018 report).

**4. 2019 Objectives:**

To figure out how much work we can do (larval surveying, treating, adult trapping and identification) while living within our budget. This means cutting back on field work (larval surveys) and making it more relevant to weather conditions.

**5. 2019 Annual letter**

The board reviewed and edited the annual letter to the towns (for the 2019 town meeting reports) written by David D. and Craig Z.

The board also reviewed and edited the 2019 projected budget report to the towns.

**6. New business**

Craig reported that John Zicconi (VT Secretary of Transportation) doesn't seem to know what needs to be done to get FAA approval for helicopter landing sites. He referred Craig to an FAA branch in MA, but no one answered the phone there. John Z. does not think that the bureaucracy issues should affect our using the helicopter companies for treating (if necessary) next spring.

A motion was made to move the LFICD board meetings to 5:30. The motion passed.

**7. Next meeting:**

Feb. 5, 2019, Cornwall Town Office, 5:30

Meeting adjourned 6:00
